

of perhaps the last public message Governor Montague will communicate to a legislative body in the State.

Perhaps the most interesting feature of the day will be the innovation which Governor Montague will likely inaugurate in the manner of laying his message before the body.

It is understood that instead of sending the paper to the two houses to be read by the clerks, the Governor will depart from this custom, and read the document personally before a joint session of the two houses in the hall of the lower branch. This has never been done in the present generation, but it is said that all the old Governor's pursued the course of personally reading their messages to the Legislature, so the Governor may be reviving an ancient custom rather than abrogating one. There is little doubt that this departure will bring many visitors to the Capitol to-day.

The two Houses will be called to order promptly at noon by their respective clerks. These officers will preside until permanent organizations are perfected by the election of the nominees of last night's caucuses.

Have Joint Session.

The Senate session will be opened with prayer by Dr. F. T. McFadden, of the Presbyterian Church, and the invocation on the House side will be offered by Rev. Dr. Russell Chiles, of the same denomination. Clerk Butler will read the communication in the Senate from the Secretary of the Commonwealth, showing what members of that body were legally elected, and this service will be performed in the House by Clerk John W. Williams.

The next step will be to swear the members and this will be done by the clerks. As soon as the presiding officers are chosen they will take charge and will read the messages. A few bills may be offered to-day, but no real business can be transacted until the committees are appointed and organized.

NO OPPOSITION IN SENATE CAUCUS

Judge Mann Responds Feelingly to Endorsement of Colleagues.

About thirty senators and half as many outsiders, including a number of former members were present when the caucus was called to order about 8:30 o'clock by Judge William Hodges Mann, of Nottingham, chairman of the body during the last Legislature.

The hour of meeting was announced for 8 o'clock, but the senators came in leisurely and spent a preliminary half hour pleasantly gossiping, shaking hands over old times, and becoming acquainted with new members. Several wandered about the corridors admiring the new Capitol. Contrary to expectation, the hall of the old House was not the Caucus room. The hall was bare and excessively dusty. The members sat about in chairs temporarily placed in the room, the majority of them holding coats and hats in their laps. The spectators lined up against the walls, standing.

There was not the least discernible flicker of sensation in the Senate caucus, beyond the very brief speech of Judge Mann containing an echo from the recent gubernatorial campaign in which he was a candidate. The proceeding throughout was a political "love feast," as it is called, the entire state of old officials being re-nominated without opposition.

Upon motion of Mr. Shackelford, Democratic floor leader in the Senate, Judge Mann was again made chairman of the caucus, the vote being hearty and unanimous. Judge Mann responded feelingly to the honor shown him by his colleagues. He regarded as a signal manifestation of their confidence in his devotion to the party. His response was brief, but pointed.

"During the recent campaign," declared the late candidate for Governor, "I was assailed by a number of Virginia newspapers which questioned my Democracy, and I am deeply sensible of the honor of this unanimous endorsement of the Democratic senators of Virginia. From my heart, I thank you."

Great applause greeted his statement, and the caucus, during Mr. George T. Clark's chairmanship, of Pittsylvania, as its secretary, thereafter proceeded at once and without further incident to nominate the officers of the Senate. The nominations were made unanimously, as follows:

President, pro tem, Henry T. Wickham, of Hanover.

Clerk, Joseph Buttolph, of Appomattox.

Sergeant-at-arms, F. B. Watkins, of Charlotte.

Doorkeeper, S. M. Donald, of Augusta.

No nomination of librarian was made, but it is supposed that Mr. William Wilson, of Henrico, will be unanimously elected by the Senate. The caucus members were divided into four divisions, each of which nominated a pug, with the following result:

Robert L. Vaughan, of Richmond.

John L. Hurt, of Halifax.

Jesse Stultz, of Henry.

Hugh Seay, of Stafford.

The caucus adjourned subject to the call of the chairman. Judge Mann announced that he would name the Steering Committee to-day or to-morrow. This committee will select all the working committees of the Senate and will report to a meeting of the caucus to be held as soon as its work is completed. The Steering Committee is composed of five members, three of whom will be old members. The chairman will be Senator George S. Shackelford.

Thirty-two of the thirty-three Democratic members of the Senate were in attendance at the caucus session, the only absence being that of C. Harding Walker, of Northumberland. Those present were: Charles J. Anderson, J. Lawrence Campbell, John S. Chapman, Edward Echols, M. J. Fulton, W. A. Garrett, B. T. Gunter, A. C. Harman, A. R. Hobbs, S. W. Holt, George B. Kezcel, H. M. Macken, William B. W. Lynn, Lewis C. McNeer, Camm Fager Mann, John C. McNeer, George T. Rison, F. B. Roberts, Joseph P. Sadler, W. W. Sale, J. Boyd Seale, George S. Shackelford, William Stande, F. W. Sims, P. E. St. Clair, A. Strode, F. T. Tavenner, A. F. Thomas, Henry T. Wickham, T. Ashby Wickham.

tute at 8:30 P. M. and Hon. John W. Churchman, of Augusta, was made permanent chairman. Hon. Charles T. Bland, of Portsmouth, was re-elected secretary.

Mr. Churchman thanked the body for the honor conferred upon him in a few forceful words, and Charlie Bland said: "Gentlemen of the caucus, I thank you! There were eighty-four of the eighty-eight members present, the only absentees being Messrs. Guarnant, of Franklin; Owen, of Prince Edward, and Standfield and Williams, of Washington. Nearly everything was done by acclamation, and all the members were in fine spirits."

It became apparent long before the body met that there would be no fight of a serious nature, nature, Colonel Lee and Mr. Churchman having withdrawn from the speakership contest shortly after 3 o'clock, and the opposition to the incumbents in the other positions never having assumed serious proportions.

Messrs. Lee and Churchman were graceful in their behavior. They found that a good many of their supporters were not on the ground in the afternoon, and each realized that he could not win in the face of the powerful and systematic canvass made in the interest of the Hanover leader. So they drew out, rather than lead their friends in forlorn struggles or place them in positions that might prove embarrassing. They both displayed the best temper and immediately offered the victor their hands in congratulations.

Hon. Pembroke Pettit named Captain Cardwell for Speaker, and he praised the young Hanover leader as a man of high character and splendid ability.

Seconding speeches were made by Judge Gwathmey, of King William; Messrs. Ould, of Campbell, and Byrd, of Winchester, the latter growing eloquent in his references to Captain Cardwell's qualifications. Mr. Puller, of Richmond, made the last seconding speech, and the nomination was made by acclamation and amid great applause.

Judge Martin Williams nominated Clerk John W. Williams, of Giles, and seconding speeches were made by Dr. Snead, Mr. Ould and Colonel Lee.

The latter said: "He has offered the mechanical operations of the House until they flow as smoothly as the river. He is a faithful and efficient officer, and should be retained."

After Mr. Williams had been chosen unanimously, the only cross firing of the evening arose, and it afforded a rare treat to the members.

Mr. Mitchell, of Rockbridge, nominated Mr. J. M. Johnson for his own successor as sergeant-at-arms, and Colonel Catton Taylor, of Dr. Powell, familiarly known as "Uncle Sam," arose and took off his big storm coat amid great cheering. He took his friend from Fluvanna to task for advocating in a Democratic caucus a man who had not always supported the party.

"They tell us now," said Dr. Powell, "that we should support an independent over one of the best Democrats in the State and a man as brave as Julius Caesar."

"We have always worked so well together," said Mr. Pettit, "that I am surprised to hear my friend from Brunswick make that statement!"

"I am surprised that the gentleman from Fluvanna came here so much out of order this time," was Dr. Powell's quick reply.

Mr. Pettit—"I am reminded that the

gentleman came to the House once very much out of order himself."

Dr. Powell—"I represented the highest type of the Democracy of Virginia."

Mr. Pettit—"That's what Jack said every time he voted the independent ticket."

Here Dr. Snead chimed in and observed that it was in bad taste for Dr. Powell to refer to party records when he had come to the House as an independent.

This raised the ire of "Uncle Sam," and he would be heard. Dr. Snead tried to get him off his feet by raising points of order, but there were cries of "go on," and he went.

"The gentleman from Princess Anne has seen fit to assail my Democracy, and I want to tell these new members that it has never before been questioned. I came here once against the ring in my caucus, but I was sent by the best Democracy in Brunswick."

"When the people found out the infamy that had been put upon me by taking from me a nomination I had fairly won, they said I should come, and they sent me."

"I came here representing a Democracy that is as good as any on the American continent."

The roll call was proceeded with, but before it was completed Mr. Johnson was on motion of Mr. Pettit named by acclamation.

Colonel Newhouse was named for first doorkeeper by Major M. M. Green, and being seconded by many members, was unanimously chosen. Mr. P. E. Lipscomb was made second doorkeeper in like manner, and Captain Cardwell was escorted to the hall and briefly thanked the caucus for the honor conferred upon him.

"It gives me peculiar pleasure to accept this nomination," he said, "because it comes unanimously and because two of the biggest men in the House and two of my best friends aspired to it at one time. I have contended that the heart of each is bigger than his body."

"I thank you for the honor because of all others, it is the one I could appreciate most by reason of the fact that my father once wore it."

"You have satisfied the greatest ambition of my life; you have crowned my furthest hope, and I know I shall allude to it again."

FREE BOOKLET ON BRIGHT'S DISEASE AND DIABETES.

We desire to place in the hands of those afflicted with Bright's Disease or Diabetes a 35-page pamphlet that is saving human lives. It is not an ordinary pamphlet, but is principally made up of reports of scientifically conducted tests in a large variety of cases, show 87 per cent. of recoveries in these hitherto incurable diseases.

This booklet is for thoughtful people—people who can discriminate between common patent medicine literature and a carefully prepared report of a patient, serious and profoundly important investigation.

The specifics employed in these tests are known as the Fulton Compounds, and the results obtained prove conclusively that these dreaded diseases so long fatal have at last yielded to medical science.

The pamphlet is free. Owens & Minor Drug Co., Richmond.

When to suspect Bright's Disease—weakness or loss of weight; drowsy; puffing ankles, hands or eyelids; kidney trouble after the third month; urine may show sediment; falling vision; drowsiness; one or more of these.

WHAT GILATORS ARE TALKING ABOUT

Back to the lobby of Murphy's the members and politicians went after the caucus last night and they fought over the battles for public printer and the two contested judgeships in great shape.

A move is on foot to hold a session of the joint committee tomorrow night, but it may not materialize. Indeed, Captain S. P. Read offered a resolution in the House caucus last night recommending this course, but it came at the end of the session, and amid the confusion incident to adjournment was withdrawn. Captain Read said a great many members desired to get rid of these fights as early as possible, so that they could get their minds centered on more important work.

The friends of Judge William Morris, of Salem, are showing great activity in behalf of their favorite. Colonel A. N. Bowman has charge of Judge Morris's interests, and former Senator W. P. Barkeley is putting in some good work for the Salem jurist. Senator Barkeley was the first to offer support to arrive, and he went at once to work on the incoming members. A large delegation from Roanoke is here laboring with Delegates Coleman for Judge Morris, the incumbent, and Judge Tucker's friends are hard at work.

It is apparently a hard fight between Judge Garrett and Claggett Jones, down in the "Thirteenth" circuit, and both sides are showing activity. The three-cornered battle for Public Printer is full of interest. Hon. Davy Bottom, the incumbent, and his opponents, Messrs. Horace H. Hawkins, of this city, and W. H. Tomney, of Roanoke, are all on the ground and are seeking votes with much industry.

It is the better opinion that the joint caucus will go over until next week.

ORDWAY PULLER AGAINST "GRAFT"

Young Richmond Member Will Offer Important Bills in House To-day.

AFTER WILD-CAT COMPANIES

Measure to Prevent Indiscriminate Granting of Charters By Commission.

Hon. Ordway Puller, of Richmond, promises to be one of the most active of the younger members of the new House of Delegates.

Mr. Puller has a number of measures in contemplation, two of which he will offer in the House to-day at the opening sessions of that body. One relates to the subject of "graft" in the business world, and the other is aimed to exterminate the evil of "wild cat" insurance companies. They are both regarded as measures of interest and importance.

The "anti-graft" bill is modeled largely after the New York law on the subject, and was suggested to Mr. Puller by the recent cotton deal scandals, where valuable information was sold by employees.

It reads as follows: An act prohibiting the corrupt influencing of agents, employees or servants.

(1) Be it enacted by the General Assembly of Virginia, That any person who gives, offers or promises to an agent, employee or servant, any gift or gratuity whatever, without the knowledge and consent of the principal, employer or master, or of such agent, employee or servant, with intent to influence his action in relation to his principal's, employer's or master's business; or an agent, employee or servant who without the knowledge and consent of his principal, employer or master, receives directly or indirectly, for himself or for another, a commission, discount, or bonus from the person who makes such sale or contract or furnishes such materials, supplies or other articles, or from a person who renders such service or labor; and any person who gives or offers such an agent, employee or servant such commission, discount or bonus, shall be guilty of a misdemeanor, and shall be punished by a fine of not less than ten dollars nor more than five hundred dollars, or by such fine and by imprisonment for not more than one year.

(2) No witness called to the court on Commonwealth's attorney and giving evidence for the prosecution, either before the justice of the peace, the grand jury or the court in a prosecution under this act, shall ever be proceeded against for any offense hereunder, but such witness shall be compelled to testify, and refusing to answer a question, may be fined a sum not over five hundred dollars, and be imprisoned for a term not exceeding six months.

Insurance Bill.

The insurance bill to be presented by the Richmond member, seeks to amend section 3 of an act concerning corporations, so as to prevent the indiscriminate granting of charters to irresponsible insurance companies. The amendment reads:

Provided, that before any certificate shall issue to any incorporation for the purpose of forming an insurance company (other than a mutual fire insurance company, having no stock and paying no dividends out of its profits), the incorporators or some one of them shall enter into a bond before the clerk of the State Corporation in the penalty of \$10,000, conditioned that the said company or corporation when organized will make deposit with the treasurer of the State of Virginia, of the amount of bonds as required by an act approved March 25, 1904, entitled "An act to amend and re-enact section 127 of the Code."

These measures will, when offered, be referred to the Committee on General Laws yet to be appointed.

WILL URGE SYSTEM OF NORMAL SCHOOLS

The special joint committee named to recommend a site for an additional normal school yesterday determined to report in favor of several places. The committee will ask for three additional normal schools, one of which will be located at Radford, the locations of the other two to be yet determined. On a tentative vote of the State of Virginia, of the amount of bonds to be required by an act approved March 25, 1904, entitled "An act to amend and re-enact section 127 of the Code."

all the furniture has not been placed in the two houses. The contractor had men at work all of yesterday and up to a late hour last night, placing the rafters and the two chambers, and the revolving chairs have been put in both.

The desks have not arrived, though they are expected daily. Meanwhile, Mr. Fred Jurgens, through whom the furniture was purchased, has had 140 new tables specially made for the temporary use of the members, and they will be put in before the bodies meet at noon. Pending the putting in of all the furniture and the appointment of the standing committees of the two houses, the sessions each day will be brief and formal.

There is some talk of adjournment to-day until Monday. This matter will likely come up in the form of a resolution in both houses, but it is hard to say what will be done about it.

Colonel W. W. Sale, of Norfolk city, is determined that there shall be a redetermination of the bill passed at the session of the General Assembly, and he has brought with him a measure on this line, to be offered in a few days.

The bill is not altogether unlike others offered at former sessions and defeated, other than the General Assembly, and its main features are to give Newport News and Norfolk into separate congressional districts, and to equalize as far as possible the population of all.

Here is the population by districts, under the Sale measure:

First, 188,920; Second, 193,180; Third, 188,920; Fourth, 188,920; Fifth, 175,779; Sixth, 193,180; Seventh, 188,920; Eighth, 188,920; Ninth, 227,401; Tenth, 188,920.

Plans are now being projected by the public school teachers of Richmond for a vigorous campaign to secure from the Legislature a pension system for superannuated members of the profession. Pre-annuated members of the application will be made known, but it is understood that it will probably be desired to accord a pension of about \$50 a year for teachers who have served in the public schools twenty-five years and who are at the expiration of that time physically incapacitated for further work. The teachers will enlist the assistance of their friends everywhere and will marshal a powerful array of advocates of the plan.

Delegate John W. Raw, of Accomac county, will likely offer a bill providing for a large appropriation for the erection of a suitable Virginia building at the Jamestown Exposition.

Considerable interest attaches to a measure to be proposed by Judge O. O. Gwathmey, of Hanover and King and Gwathmey, making it incumbent upon the board of education to adopt the single system of education, and laying the matter to rest.

The "muslim" "social" clubs which are thriving on the sale of whiskey and other intoxicating drinks on Sunday to "members" will likely come in for attention to-day.
